**Interested in developing new skills, knowledge and experience?  
Would you like to improve your employment prospects?  
Looking to try something new and meet new people?**

Home-Start provides a unique service for families - recruiting and training volunteers to support parents with young children at home. It's a great way to get to know your local community!

We offer an initial training course plus ongoing training in relevant child and family topics, and support from experienced, trained staff throughout your time with us. Previous volunteers have gone onto social work and mid-wifery courses, or gained confidence and new skills for the workplace.

**Our next volunteer preparation course will start at the end of September.**

**All sessions are within school hours and run term time.**

Please contact us on

an application pack.

Home-Start is committed to equal opportunities.  
**We welcome both male and female applicants.**
